DESCRIPTION

Galago House itself is a large self contained purpose built office building dating from approximately the mid-1980s, arranged over three floors which has traditionally been used predominantly as offices but would suit other uses within the broader E Class Use.

The accommodation available is located on the ground floor and second floors. The ground floor represents two large open plan working spaces of approximately 5,414 sq ft and 4,219 sq ft. These large spaces could be subdivided to create smaller working areas. The second floor provides space of approximately 2,002 sq ft which is primarily open plan.

The ground floor benefits from direct access from a large open Atrium giving dedicated access into each suite as well access from the rear parking area via an external courtyard which includes cycle storage.

The property has undergone refurbishment works to bring it up to modern standards and will therefore represent a new and vibrant working space that can be tailored to suit individual requirements.

Parking is available on site.
